

## AVIATION BOUNDARY OPERATIONS CHECKLIST

The boundary zone between adjacent jurisdictional agencies has the potential for conflicted airspace when more than one center or agency dispatches aviation resources to these areas. The definition of boundary zone area for the purposes of conflicting airspace shall be defined as an area 5 nautical miles either side of jurisdictional boundaries.

Aviation Dispatchers are responsible for assuring that agency aircraft dispatched to initial or extended attack incidents, leave their bases with accurate mission information. If aircraft are crossing or working in close proximity to unit boundaries utilize the following checklist.
